THE EVERGREEN 1957

MARYLAND STATE TEACHERS COLLEGE

Salisbury, Maryland

THE EDITOR'S MESSAGE

*"There is a tide in the affairs of men,
Which, taken at the flood, leads on to fortune."*

So wrote William Shakespeare; but long before the English bard penned the above words, the ancient Egyptians created a civilization around the simple word, "Progress," an ideal we still copy today.

History has long taught us that change is inevitable and good. In the advent of our new administration, Salisbury State Teachers College has undergone a great change which will have innumerable effects on the lives of all students.

Above and beyond any physical achievement occasioned by any administrative transformation, the fullest benefits of such a change must be realized by the individual students. Theirs is the task of taking the fullest advantage of every opportunity presenting itself, of learning the laws of life and progress, and the mastery of them.

Successful living is the oldest art in the world. But it takes initiative, foresight, and the ability to combine experiences into new and workable ideas to insure progress.

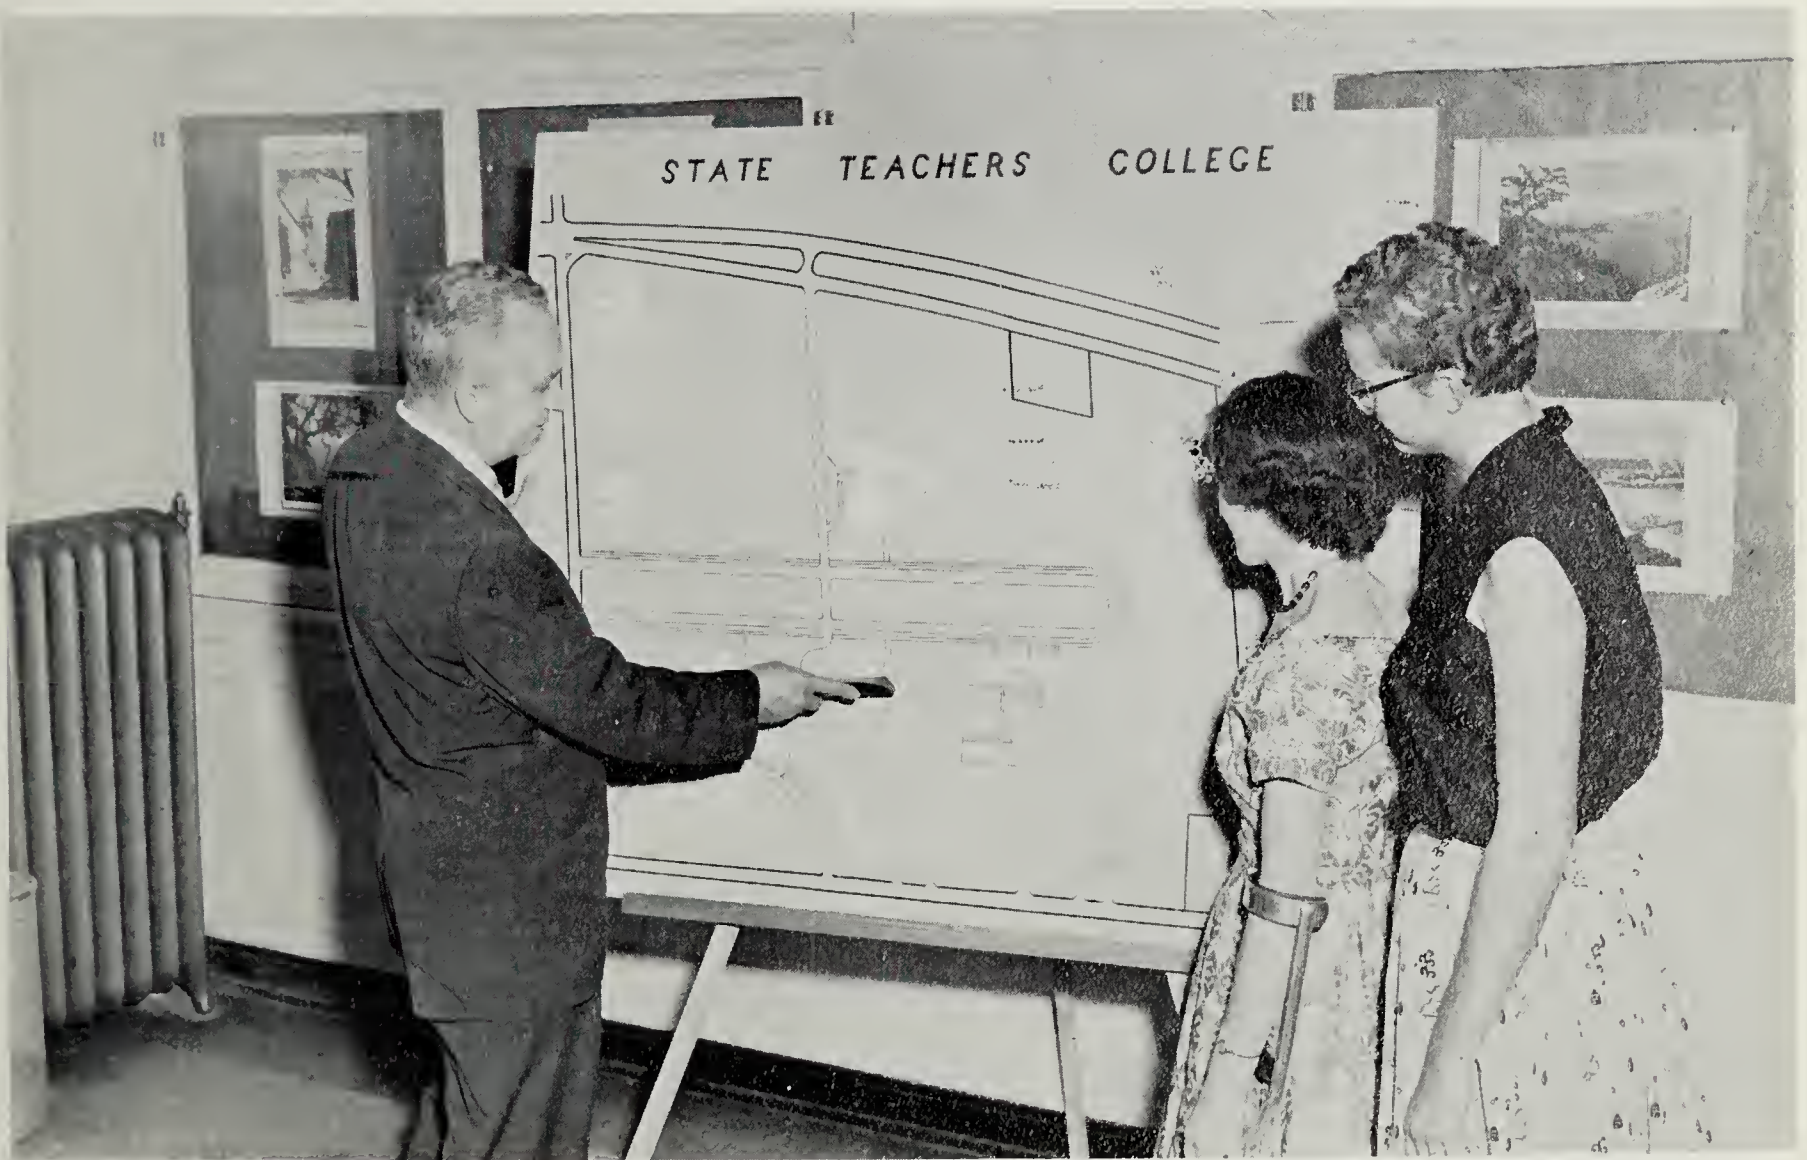

With the new administration has come a greater incentive in the hearts and minds of every student.

The tide is now at the flood; fortune awaits the diligent.

Charlotte Lynch

PRESIDENT'S MESSAGE TO THE GRADUATES

What you leave with after four years is just what you "have willed" to take with you. A college cannot give you an education. The best that it can do is to provide a setting in which you can start educating yourself. The resources for learning are provided and arranged in such a way that anyone who wants to get an education will not be disappointed. You will leave here knowing only a fragment of what you will need to know. However, if you have had your appetite whetted for further learning you will have a head start. If this college has your desire to continue self-education throughout life it has served you well. The spark is within each student to ignite the fuel which the college supplies. Whether this fuel is ever ignited depends upon how anxious each student is to bring the spark close enough to get a flame. The fact that you are graduating is some evidence that there has been a flame and from that flame there has been some light.

How brilliantly the flame which has been lighted will glow, depends upon your willingness to take inventory of yourselves from time to time to see how well you are doing. This is not an easy task for anyone but because it is so difficult does not make it less important and imperative.

So long as we check frequently our ideals, our concepts, our attitudes, our standards and our value patterns to ascertain in what direction we are tending, we will keep our perspective and enthusiasm for life and faith and confidence in what can be achieved in the future.

I congratulate each of you for the honor you have brought to yourself, your parents, your friends and your college. May the days ahead be full of opportunities for constructive and useful service.

A handwritten signature in dark ink, reading "William Leedman". The signature is fluid and cursive, with a large, sweeping loop at the end of the last name.

DEDICATION

For 30 years Dr. Anne Matthews moved deftly among the students in the classrooms and hallways of S.T.C. where she grew increasingly endeared as advisor, teacher, and friend to all. It is indeed an honor to dedicate this collection of memories to the first advisor of both "The Evergreen" and "The Holly Leaf." The progress of S.T.C. represents her life's achievements, and we shall well remember her as:

*A perfect woman, nobly plann'd
To warn, to comfort, and command
And yet a spirit still, and bright
With something of angelic light.*

THE GYMNASTIC DEMONSTRATION TEAM

The Gymnastic Demonstration Team was organized in the Spring of 1956, by Coach Maggs, using the existing Gym Club as a nucleus and for the purpose of touring high schools on the shore to demonstrate gymnastic skills on the parallel bars, high horizontal bar, moats, and as a gymnastic drill team. They were warmly received and loudly ovated in the schools they visited. Reading from left to right in the above picture, they are: Ralph Forbush, John Shaheen, Fred Baker, Jim Raulins, Phil Slacum, Bill Brown, Bob Hall, Mitzi Sasajima, Ronnie Burke, Lucy Hitt, Loanne Cathell, and Sandra Jones.

CHARLES MURPHY, *President*

WHAT IS S.G.A.?

The S.G.A. is an organization of the presidents of every major organization on the campus. Other members of the S.G.A. are the assembly and social committee chairmen and two faculty members appointed by Dr. Devilbiss as advisors. All these representatives, except for the two faculty members of the S.G.A., have the right to vote.

WHAT DOES S.G.A. DO?

The main purpose of S.G.A. is to act as a mediator between the student body and the administration. It does this in two ways: by bringing before the S.G.A. any problem that a student may wish discussed by its members, and by presenting to the President any problem confronting the students. By the use of either of these methods the S.G.A. can help the student body gain a better understanding of the functioning of the college.

Another major purpose of the S.G.A. is to provide for greater benefits and pleasures in the college life as a whole. This is done in many ways. It sponsors activities such as clean-up programs, arranges for smoking in suitable areas; and increases school spirit through varied activities that make life more enjoyable.

The money spent by the S.G.A. is obtained from the activity fee which the students pay upon entering college. This activity fee is broken down and distributed to the organizations that belong to the S.G.A. After this distribution is made, each organization can make up its operational budget for the school year.

OFFICERS

Standing: Mr. Di Virgillio, E. Lum, D. Peters, W. Wible. Seated: Dr. Stevens, C. Cramer, President, J. Moore, A. Hummer, Dr. Dunlap.

This year the college F.T.A. chapter has been joined with the senior seminar. By holding these combined meetings we have been able to invite outstanding members of the educational profession to be guest speakers. These speakers have created new interest among the student body in the F.T.A. organization and have given the prospective teachers many practical tips and suggestions that will be of great help to them in their first year of teaching.

Will the meeting come to order!

Mr. Dubel speaks to F.T.A.

THE CULTURAL AFFAIRS COMMITTEE

The Cultural Affairs Committee was appointed by President Devilbiss in the summer of 1956 to plan the extra-class cultural activities for the college. Its work embraces an evaluation of both cultural offerings and cultural needs. It purports to provide experiences for students in the various academic disciplines and artistic media. From year to year the committee expects to provide a balanced program through lectures, concerts, and art exhibits by drawing upon both professional and campus talent.

In 1956-57 the college inaugurated the practice of providing a bloc of tickets for the Community Concert Series and the Baltimore Symphony Series. The music experiences thereby provided were a part of the auditorium series, the remainder of which have been for this year assembly programs. Musicales have been given throughout the year by the Music Department, and a book review hour was held during the second semester by the English Department and Library.

The committee members are: Mr. James Di Virgillio, Mrs. Frances Fleming, Dr. Jessie Fleming, Mr. Eugene Farace, Miss Henrietta Purnell, Dr. Alethea Whitney, Dr. William Wroten, Helen Layman, George Mason, Barbara Mumford, and Jack Weise.

Cultural Enrichment Aim Of New Committee

The newly organized Cultural Affairs Committee, appointed by Dr. Devilbiss, is designed to provide the student with as rich a life beyond the classroom as possible.

The committee's first project is to establish a plan for this year's assembly programs. It wants to present a series of programs to encourage any departmental entertainment which can be open to all students. Such programs scheduled are a Christmas concert by the College Chorus, a dramatic offering by the Sophanes Players, a Thanksgiving and an Easter observance by the Christian Association. In addition, there will be a reading concert by the Community Players and Band and Chorus. Still other assemblies will present professional talent including a theater group, a dance group, and a lecturer whose subject will concern international affairs.

Second In Series of Musicales To Be Held

The music department will sponsor its second "musical" Monday afternoon, November 19, from 4:00 to 5:00 p.m., in the Music Building.

Miss Barbara Mumford, a member of the junior class will present a program featuring a combination of her musical abilities. She will play the accordion, the piano and sing a variety of numbers.

Miss Mumford, a student of music under Miss Nellie Sheppard in Salisbury, directed the Glee Club in Princes Anne last year. This year she is accompanist and President of the College Chorus.

Refreshments will be served, courtesy of Mrs. Webster and the college dining hall. Ladies of the College Chorus will act as hostesses. The next "musical" will be presented just before Christmas.

Christmas Dance To Be Held On December 15

The annual Christmas Dance is to be held on Saturday, December 15 in the college gymnasium. The dance is sponsored yearly by the senior class and is a semi-formal affair.

This year the dance will be held from 9:00 P.M. until twelve midnight, and the resident women of the dormitory will be given a one-o'clock leave. The music will be provided by the Maryland State Band.

The dance will be centered around the theme of Christmas and will occasion the opening of the joyous season at STC. Tom Comer, president of the senior class, extends on behalf of the class an invitation for all to attend.

Enrollment Shows 6% Increase in Training Students

S.T.C.'s enrollment for this year totals 314 full-time students studying under the teacher education and junior college curricula. Eighty-one per cent of the total enrollment are in the teacher education curriculum more than last year. Six per cent are enrolled in the face of such a demanding need for teachers.

The women slightly outnumber the men; there are 160 women and 145 men. The freshmen number 120; sophomores, 87; juniors, 56; and the seniors, 51. Of this group, 256 are studying for the B.S. degree at this college, and the remaining 58 are in the transfer program.

There are a total of 47 part-time students. Twenty-eight are enrolled in night courses. The remaining nineteen are first year student nurses from the Peninsula General Hospital who are taking three courses; Chemistry, Psychology, and Sociology.

College Purchases 100 Concert Tickets

On Wednesday, October 10, at 10:30 a.m., Dr. Wilbur Devilbiss spoke in assembly to the student body. His speech concerned "The Cultural Affairs of the College." In his broad definition of education, he stressed that every student should be at home in cultural affairs.

The purpose of the assembly was to inform the students that the college has made available tickets for one hundred students who may wish to attend the Community Concerts or the Baltimore Symphony Concerts this season. These tickets may be obtained through the specific concerts, in advance of the main office, in Dr. Devilbiss stressed that students should be at home in cultural affairs, and it is not only an obligation, but the duty of every student to plan to attend at least two of these concerts.

Dean Willis Has Definite Aims For Teachers Program

The students of S.T.C. welcomed this year Mr. Earl T. Willis, who joined our administration as Dean of Education.

A native Eastern Shoreman, Dean Willis was born and reared in Chestertown, Maryland. He also attended Washington College, from which he received his Bachelor of Arts degree. He began his teaching career in Oakland High School in Garrett County. Dean Willis has taught in Catonsville and in various schools in the District of Columbia. One of these was Anacostia High School, where he was assistant principal for five years. In these schools, he taught history and

The College Chorus has as its purpose the development of those aesthetic principles which involve the growth of ability, appreciation, and taste in the world's choral literature.

The Ladies' Ensemble is composed of members of the Chorus who have a high degree of musical ability, and who devote additional time to the rendering of unusual arrangements.

The Chorus performs at college functions such as Thanksgiving, Christmas, and Easter Assemblies; High School Seniors' Day; and Baccalaureate and Commencement Exercises. It also sings for civic clubs and other organizations in the college area.

The officers are: President, Barbara Mumford; Vice President, Mary Jane Wright; Secretary-Treasurer, Rebecca Matthews; and Librarian, John Bosley.

"THE PLAY'S THE THING"

The Sophanes Players, the dramatic organization of the college, presented as their fall production a series of three cuttings from Hamlet, St. Joan, and Mary of Scotland. They did several readings throughout the year and a major spring production.

The idea of the Players is to give the students a varied program on a college level, both in the acting and in the stage production.

The Players are delighted with the growing interest in this organization during the past two years.

The Social Committee, a student-elected group consisting of a general chairman and one member from each class, has as its chief purpose the scheduling and planning of dances and other social events of the year. The committee feels that participation in such events will help build a stronger bond among the students, create college spirit and prepare students for later social life.

This year's committee—William Livingston, '58, chairman; James Roberts, '60; Regina Hughes, '59; Joan Hayman, '58; and Shirley Powell, '57—met with its faculty advisors, Dr. Robert Elderdice and Mrs. Francis Fleming, to plan the various social events of the year. The schedule was arranged so that there was at least one major event a month and several supporting ones.

These planned events served as wholesome social activities for the students and the college community.

CHRISTIAN ASSOCIATION

With the coming of several denominational organizations to the campus within the past two or three seasons, the Christian Association was faced with the problem of re-evaluating its position in the student's life and planning a course which would make its work more effective.

The need for the denominational groups was apparent, but there was also a need for an inter-faith group which would cut across sectarian lines and include those students whose church was not represented on the campus or who had no specific church affiliation. The next step was the formation of a study group interested in Biblical criticism. This was accomplished under the direction and leadership of Mr. James Di Virgilio.

Lastly and of utmost importance was the coordination of these groups to eliminate duplication of effort, time, and expense. This was achieved by the creation of a cabinet composed of representatives from the various organizations to act as a clearing office for the various divisions.

OFFICERS—John Weise, President; Betty Lee Shawn, Vice President; Mr. Frank White, Advisor; Joyce Moore, Secretary; and Louise Holbrook, Treasurer.

SPORTS

This year's soccer team has left behind an impressive record, winning four of the six scheduled games.

High scorer for the season was first year man, Murray Smith, with five goals. He was followed by Phil Slacum, an old standby, who claimed four tallies.

Sparked by co-captains, Tom Comer and Phil Slacum, the squad averaged 3.2 points per game.

HOCKEY TEAM

This school year marked the third season for the S. T. C. Girls' Field Hockey Team. Begun at S. T. C. in the fall of 1954, this sport has captured the interest of many girls and has instituted itself as a major intercollegiate sport in the girls' program.

With a great deal of practice, skill, and determination, the season ended with three tied games and one loss. Beaten by Notre Dame 1-0, they came back to tie St. Mary's 2-2, Towson 1-1, and Villa Julie 0-0.

Next year with renewed interest and added experience, the squad looks forward to its best season yet.

Left to right: J. Roberts, R. Marshall, M. Smith, J. Kiefer, C. Battersby, C. Muir, G. Mills, W. Bromwell, W. Hill, J. Rush.

Coach

BASKETBALL

Captain

The Men's Varsity Basketball Team had a very exciting but somewhat unsuccessful season. The "hoopsters" worked hard and showed their fine skill in every game.

The attack of the Gulls was sparked by Charles Muir, an ever-dependable center. Many times throughout the season, Charles hit the twenty-point mark.

With the coming of the second semester, the squad lost two players, Phil Slacum, through graduation, and Dave Broumwell, who withdrew. Still another setback was the illness of Coach Maggs who was absent for a few weeks. Dr. William Wroten did a very noteworthy job in commanding the team during the absence of the Coach.

Although the team possessed ability and determination, its losses proved too great to merit a winning season.

DR. A. WHITNEY, Coach

The S. T. C. Women's Basketball team came through with another successful season tucked under their belts. With quite a few veteran members from the previous year and the promising newcomers to the squad, the girls again proved themselves skilled and competent.

Getting underway late in the season, the girls met Wesley, Villa Julie, and Galludet on the home court and traveled to Wesley, St. Mary's, Notre Dame, and Towson. At Towson the girls not only participated in two basketball games, but under the theme of an "All Sports Day," also played volleyball, badminton, and took part in a bowling tournament.

With this last page, we leave you, hoping that you have enjoyed our graphic tour of S. T. C. life.

We are indebted to many for their invaluable assistance, advice, and above all, patience, in the preparation of this book. To you who have so kindly assisted, we wish to express our deepest thanks.
